

Term 1 PE summary

Children will participate in play that promotes engagement with outdoor settings and the natural environment. We will explore safe and unsafe areas of play within our school grounds. Focus is on the fundamental motor skills of catch, run, throw and jump. These skills will be modelled in all teaching and learning sessions this term. Skills taught will be practised in a game situation.

Term 1 ITALIAN summary

Foundation students will be introduced to Italian as a new language. The children will begin to reproduce the sounds of the Italian language. All other classes will use the Italian language to interact with myself and peers to greet and converse in mini conversations. We will investigate features of Italy and some of their cultural practices. Children in grades 3 – 6 will research and present a project focussing on facts about Italy and identifying some of Italy's famous landmarks. All classes will be involved in an Italian cooking class.
